

HISPANIC CULTURE

The criticism is often made that American students are uninformed or misinformed regarding their Spanish-speaking neighbors to the south and the mother country Spain. This short test gives you a chance to show how much you know, presenting sounds and sights of the various countries in the format "You Are There." Whether you score high or low, it is hoped that your study of foreign languages will stimulate you to learn more about other lands and perhaps one day you will want to visit these lands to see, hear, and know them first-hand.

Relate the recordings to the multiple choice answers and drawings in your test booklet and place an X in the box on your answer sheet corresponding to the choice you consider correct. You have approximately 12 seconds between problems to write down your answer.

Example:

Recording: 13. "Mmm, I'll have another tuna, please."
